Marine / Avionics Update from Icom America

KIRKLAND, Wash. (May 2021) – Icom America announces changes within the Marine and Avionics divisions. David McLain, our seasoned Marine and Avionics Senior Sales Manager, is leaving Icom to pursue new opportunities. We wish David all the best!

Ray Novak (N9JA), Senior Sales Manager of Icom's Amateur division, adds the Marine and Avionics divisions to his roster. Ray has an extensive background in the amateur radio industry spanning 32+ years. Ray began his career at Icom with the Technical Support Team, and for the last ten years, has been the lead for the Amateur Division. Ray will continue working from the DFW area. Throughout his tenure at Icom America, he has managed and worked across multiple divisions and maintains a close working relationship with teams at Icom Japan.

We appreciate your continued commitment and support to the Icom brand across all of our divisions.

About Icom America

Icom Incorporated is a wireless communications equipment manufacturing company located in Osaka, Japan. Since Icom's establishment in 1954, Icom has had a long record as a trusted manufacturer of land mobile radios, marine radios, navigation products, aviation radios, communications receivers, and amateur radios. Icom is recognized as a reliable two-way radio global brand name around the world with a reputation for rugged, high-quality products. Icom radios are used by many professional organizations worldwide including military/police forces, local governments, utilities, transportation/airports, security firms, and many other users. Icom is taking this deep knowledge of radio technology and expanding to a new genre of professional radio in the satellite communication field.
